

Madison School Science Fair 2019 Participant Instructions

Project Setup – Wednesday, February 20, 3:05pm-4pm

- Projects setup is 3:05pm-4pm ONLY in the gym
- Projects should be placed in their assigned locations. New this year, projects will be grouped by grade. If siblings or co-participants are in different grades, projects will be placed in grade level of oldest participant.
- Projects should not contain hazardous materials or food for taste testing. Projects involving liquids must be presented on a cookie sheet or tray to contain liquid spill. Paper towels or towels must be kept under the table for rapid clean up.
- Please bring an extension cord if access to an outlet is needed.

Science Fair – Wednesday, February 20, 6:00pm-7:00pm

- Attendees may enter the school through the gym entrance at Madison Street
- Participating students should stand next to their projects, present findings, and answer questions for about 30 minutes during the science fair per the schedule below:

6:00pm – 6:30 K through 2nd Grade

6:30pm – 7:00pm 3rd through 5th Grade

- Comment sheets will be available for attendees to leave comments for students
- Projects and participant's badge should remain setup overnight, so that students can view the projects the next day with their class

Presentation to Classes – Thursday, February 21, During School

- Each participant will have an opportunity to present his or her project to classmates

Project Take Down – Thursday, February 21, 2:45pm-3:15pm

- All projects must be picked up after school

Yearbook Pictures – Friday, February 22nd

1st-5th graders: Friday February 22nd during their lunch
